

## AESTHETICALLY PLEASING AND FUNCTIONAL

### CASE STUDY

Date : September 2015

Project : Manson Overhead Louvres

Customer : GJ Gardner

Site : Superlot 33 Hobsonville Point

## THE CHALLENGE

### Design and produce an aesthetically pleasing yet functional louvre.

GJ Gardner approached Manson Engineering with the task of making a functional louvre to complement their new houses at Hobsonville point.

## THE SOLUTION

### Customer and design team working closely together to ensure all needs were met and to budget.

With close communication between both our design team and the Customer we were able to come up with a simple yet cost effective solution to compliment the overall design of the houses. Our Louvres can be tailor made to suit your needs with a huge range of styles and colours available.
